Summary

Economics graduate with research experience at INDEF, a leading Indonesian economic think tank, producing monthly economic briefs, working papers, and media articles on macroeconomic and sectoral issues. Experienced in project-based economic impact and value-chain analysis, with the ability to translate data into clear, evidence-based narratives for public and institutional audiences.

Education

Universitas Diponegoro September 2022 – October 2026
Bachelor of Economics (S.E.), GPA: 3.65/4.00
Department of Economics, Faculty of Economics and Business
Thesis: *"Determinan Politik dalam Alokasi Transfer Fiskal ke Daerah: Bukti Empiris dari Pemilihan Presiden Indonesia Tahun 2014".*

Experience

INDEF (Institute for Development of Economics and Finance) July 2026 – Present
Research Associate (Project-Based)

- *Bauxite Hilirisasi Study (INDEF–ESDM):* Mapped the bauxite-to-aluminium value chain using multi-source trade and production data to identify where domestic value is gained or lost, and reviewed the final report and ministerial presentation.
- *PNM Mekaar Impact Assessment (INDEF–PNM), "Kajian Dampak Pembiayaan Mekaar terhadap Perekonomian Indonesia dan Kondisi Ekonomi Nasabah":* Conducted impact evaluation and welfare analysis of microfinance beneficiaries using Social Return on Investment (SROI) modeling to quantify economic value creation.
- *Palm Oil Governance White Paper:* Benchmarked institutional lessons from the Malaysian Palm Oil Board to inform a governance policy framework for Indonesia's palm oil sector.

INDEF January 2026 – July 2026
Research Assistant

- Authored and published 10 monthly analytical briefs on current issues across macroeconomics, finance, food, and energy — translating data and policy developments into concise, readable outputs for a non-technical audience.
- Designed and drafted research proposals for multiple policy research initiatives, scoping objectives, methodology, and deliverables.
- Supported international and national seminars, FGDs, and stakeholder meetings as committee member, moderator, and note-taker.

Universitas Diponegoro June 2025 – August 2025
Policy Consultant

- Supported the Batang District Government in facilitating its 2025–2029 RPJMD (regional mid-term development plan) formulation workshop.
- Reviewed goal alignment and validated Key Performance Indicators (KPIs) across regional government agencies.
- Assisted in synchronizing priority programs with annual development themes and indicative budgets.

Indonesia Institute for Education Reform May 2025 – November 2025
Affiliated Researcher

- Contributed to a mixed-methods research design examining Indonesia's national curriculum transition (K-13 → Kurikulum Merdeka and Deep Learning), focused on critical thinking in classrooms.
- Developed survey instruments and distributed a national questionnaire to high-school teachers across Indonesia; drafted internal memos and discussion notes for the research team.

Daya Makara, Universitas Indonesia January 2025 – May 2025
Research Assistant

- Mapped biodiversity-related expenditure by reviewing 200+ national and subnational financial reports (APBD, LKIP, LKJ), linking findings to institutional mandates and national strategy.
- Engaged 50 stakeholders for a Willingness-to-Pay (WTP) survey on marine conservation financing in the Raja Ampat Marine Protected Area; conducted data cleaning and transcription for a 100-household water and sanitation survey.

Leadership & Activities

Diponegoro Economics Student Community January 2024 – December 2024
Chairman

- Led 89 members across 9 divisions, coordinating 45+ strategic programs annually, including national-level competitions.
- Served as Head Delegate at the 2024 Economics Summit (UGM), presenting a policy paper on Indonesia's food security using a spatial approach to production, distribution, and consumption data.

Achievements

Grand Finalist, 5ME2045 LPDP Business Initiation Plan Competition (2025)

- Developed an integrated digital-skill and circular-economy curriculum for MSMEs, strengthening DAURU's product offering.
- Won 1st place at the Central Java regional round and represented the province at the national level.
- Delivered the national-level pitch to venture capital judges, presenting DAURU's product vision and business model.

Grand Finalist, Green Business Plan – Greenovation (Bank Indonesia, 2024)

- Led market sizing and financial feasibility analysis for HARVELYST's IoT-based smart-storage solution.
- Built 5-year financial projections with 69% ROI and an 11-month payback period, strengthening the business case that secured a national grand-finalist position.

Top 15 Grand Finalist, National Youth Ideathon (Bappenas, 2023)

- Founded Maggeazy, a waste-to-value education and marketplace platform addressing Indonesia's 35-million-ton food-waste problem.
- Selected as Top 15 Grand Finalist out of 289 submissions and 897 participants across 33 provinces.
